

CURRICULUM VITAE

PERSONAL DETAILS

Name : Adah Nyangweso Kusimba
Gender : Female
Nationality : Kenyan
Religion : Christian
ID number : 23964128
Mobile no : 0729 900 649/0739938656
Address : P.O. Box 56721- 00200, NAIROBI
Email : kusimba.adah@ku.ac.ke

CAREER OBJECTIVE

Profoundly committed to the job of conducting practicals and doing laboratory tests, I am currently interested in research work on Clinical Chemistry.

EDUCATIONAL BACKGROUND

YEAR	INSTITUTION	QUALIFICATION
May 2020 to Date	Kenyatta University	Masters in Medical laboratory sciences(Clinical Chemistry) Ongoing
January 2016 - October 2017	Kenya Methodist University	Bachelor's degree in Medical laboratory sciences
May 2011	Kenya Polytechnic University College Nairobi	Registered with KMLTTB Number A04785
September 2007 - July 2010	Kenya Polytechnic University College Nairobi	Diploma in Medical Laboratory Technology
2001 – 2004	Ndururi Secondary School	Pass
1993 – 2000	St Michael Primary School	Pass

WORK EXPERIENCE

September(2013) To date Kenyatta University.

Responsibilities;

- Preparing working reagents for students undertaking practical sessions.
- Conducting practical sessions with students, offering technical assistance when needed.
- Adhered to quality control activities.
- Collecting practical reports for marking.
- Equipment maintenance and calibration of the machines.
- Documentation of practical manuals and ensuring they are upto date.
- Documentation of all laboratory files using paper and computer based filing systems.

April (2012) - August(2013) Meridian Medical Centre (Laboratory Technologist)

Responsibilities;

- Performing routine and complex medical laboratory analysis.
- Entering and interpretation of results in the patient management systems, I-clinic software.
- Operating, maintenance, control and calibration of laboratory equipments as per the manufacturer's instruction manual.
- Preparing laboratory reports on tests done, run controls and do a stock take on a monthly basis.
- Documentation of all laboratory files using paper and computer based filing systems.

Post attachment

August 2010- May 2011 Ol kalou Mission Hospital.

Responsibilities.

Executed and analysed tests in areas including:

- Clinical Chemistry
- Haematology
- Microbiology
- Parasitology

I collected and prepared specimens and performed laboratory procedures. Verifying, recording and reporting laboratory results on all performed tests. Ensured good maintenance of the laboratory equipments.

Internship

October 2009- February 2011 Aga Khan University Hospital Nairobi

Covered the following sections;

- Phlebotomy
- Hematology and Blood transfusion
- Microbiology and Parasitology
- Histology and Cytopathology
- Blood Donor Unit

Was commended for regularly carrying the assigned tasks, producing good quality work and meeting expected standards.

MEMBERSHIP

- Registered and licensed by Kenya Medical Laboratory Technicians and Technologist Board.

TRAININGS ATTENDED.

- Public relations and customer care services at Kenyatta university.
- Good laboratory practice by GSN(Gold Star Network).
- ISO (International Organization for Standardization) awareness training.
- Fire safety training skills.
- Terror attack training skills.
- Chemical safety and handling training skills.

HOBBIES

- Watching documentaries.
- Reading publications based on research work.
- Consultative Discussion with Mentors
- Reading the Holy Bible.

REFEREES

1. Dr. Steven Runo,
Chairman Biochemistry ,Microbiology and Biotechnology Department,
Kenyatta University,
P.o Box 43844-00100,
Nairobi.
Email Address; smruno@gmail.com
Tel: 0727346496

2. Dr.Mathew Piero,
Lecturer Biochemistry, Microbiology and Biotechnology Department,
Kenyatta University,
P.o Box 43844-00100,
Nairobi.
Email Address; matpiero@gmail.com
TEL: 0724-586841/0732-264557

3. Mr. Leonard Mwasi Mwanjumwa,
P.o.Box 29825-00100,
Nairobi.
